

What is an addendum?

Oak Valley College publishes a full Catalog every year. The Addendum contains important information that has been updated throughout the past year or any changes that are immediately in effect.

The following question and answer section is designed to respond to common questions about how to use this important document. In this way, you will be able to access all the most up-to-date information available.

Why do we have an Addendum?

Oak Valley College is constantly reviewing curriculum, program requirements, institutional information and policies. Once changes have been decided it is important to have a print and web document that helps students, faculty, and staff locate all of these changes.

How do I use the Addendum?

The Addendum is to be used alongside the 2022-23 Academic Catalog, not in isolation. Meet with the President or Manager of Student Services if you have questions about these changes and how they affect your academic plan.

Does the Addendum supersede the Catalog?

The Addendum is just that: an addition to the 2022-23 Academic Catalog. Whatever is listed in the Addendum does supersede what is in the Catalog. Once again, if you have questions about these changes, please contact the President or Manager of Student Services.

Where can I find the Addendum?

The Addendum is on the Oak Valley College website www.oakvalley.edu/catalog and can be accessed from the Main Office.

We hope this document will be helpful to you. It has been prepared as carefully as possible to include all information available as of October 2022. Oak Valley College reserves the right to make changes as needs require, and to change, without notice, any of the information, requirements, and regulations in the Course Catalog and the Catalog Addendum. If you have questions about the content or any other part of this document, please contact the Office of the President at eblum@oakvalley.edu.

Past Due Tuition

If you have an outstanding balance that is past due, you are required to bring your payments current by the end of the semester. Failure to do so, may result in your being administratively removed from the program. You will be able to complete the current semester, but unable to enroll in the next semester.

Once withdrawn, you may re-enroll after you have brought your payments current and committed to a new payment plan to remain current.

If you face financial hardship, you may petition to remain enrolled for one semester with a past due balance. Your petition should include a reasonable payment plan to bring your current payments in balance within the next semester. Your petition should be addressed to the Academic Review Board and must be submitted at least two weeks prior to the end of the current semester.

Participation in Commencement - Financial Responsibility

Past Due Tuition

Failure to bring your payments current by the end of the preceding fall semester, December 31st, and outline a reasonable timeframe to complete your payments by the end of the program, May 1st, may result in your being administratively removed from the program. You will be able to complete the current fall semester, but unable to enroll in next semester and graduate in the spring.

Once withdrawn, you may re-enroll after you have brought your payments up to date. You may participate in Spring 2024 Commencement or later, depending on when you bring your payments up to date and meet other commencement requirements.

Commencement

A commencement fee of \$125 will be added upon enrolling in the spring semester of your last year.

Financial Matters - Monthly Payment Plans

Monthly payment plans are a predetermined amount set by your Expected Family Contribution (EFC) as determined through FAFSA. This amount was given to you via your Financial Aid Award Letter.** Failure to remain current on your payment plan may result in a \$30 late fee.

**The amount charged may change (increase or decrease) based on changes to your Financial Aid.
